LoveTale

Chapter 1

The start of something perfect

It was a beautiful day outside birds are singing flowers are blooming on days like these kids like you SHOULD BE BURNING IN HELL. Frisk then woke up and realised it was al just a bad dream and she was glad she woke up. (she=Frisk) When she looked through the room she saw Asriel sleeping beside her. He is kinda cute when he sleeps she thought to herself that thought was soon interrupted when she heard Toriel calling her for breakfast she quickly hid Asriel because she still hasnt revealed that she and Alphys had managed to get the prince back. (prince=Asriel) Im coming she said while waking up Asriel it was time she thought. She went downstairs with the prince stealthy following her down. She said hi to everyone. Sans saw there was something about here and he said whats wrong kiddo just sit down and eat. She nodded but then changed her mind while looking at the pillar behind here where the prince was hiding behind. I have to tell you something she said while Asriel showed up and said : Howdy everyone' Toriel dropped everyting she was holding and rushed to her son. Is it really you my son she asked. Yes mom he responded while she was hugging and kissing him until Asgore came and said its been ages my son while giving him a hug. Are you responsible fort his she asked while looking at frisk she nodded and said if you want to thank someone for this you should thank your Royal scientist. (but Alphys wasnt there sooo Fuck) Soo after everything had calmed down they just sat eating and talking. Asriel was done and left to Frisk's room He just gazed outside the window until Frisk joined him both looking at the stars now .
